## QUESTIONS WITH SHORT ANSWERS

Q-1 Read the following sentence carefully; Explain in your own words, exactly what Silas was doing and what was happening to him.

(5)

Still, that misdemeanor must be committed; and poor Silas, after peering all round the hedgerows, traversed the grass, beginning with perturbed vision to see Eppie behind every group of red sorrel, and to see her moving always further off as he approached.

Q-2 Summarize Paragraph 13 of Unit 3

(5)

That of, course, is why we'll never see a major scare about hairdryers.

Q-3 Devise an argumentative title and write a small article of about 120 words.

(10)

## QUESTIONS WITH BRIEF ANSWERS

Q-4 Summarize the following Paragraph in your own words. Do not use more than 80 words

(15)

Today there are 3000 million people in the world. Fifty years ago only about 2000 million people lived in it. If earth's population were evenly distributed over its land surface, there would be about 550 persons to the square mile. But Earth has vast areas of forest, mountains and desert which are almost totally inhabited. On the other hand, it has great cities each with millions of people living in a few square miles.

To feed the fast growing population of our earth, scientists and planners have to discover new ways to produce more. One possible way is to bring more land not under cultivation. This can be done only in places where there is lot of land not used for productive purposes. In many places there is no longer possible all the arable land is already cultivated. A second way is to make use of new types of seeds to produce more. Already a number of new strains of paddy and wheat have been developed in different parts of the world. Pakistan is one of the countries where a lot of useful work has been done in the field of agriculture research.

Q5. Write a paragraph on "My Favorite Time of the Year."

(15)

- c) Explain in your own words what Zoe Williams is suggesting for the treatment of mothers who have been convicted of a minor or non-violent crime. (4)

Q#4: Read the passage and answer the questions given at the end.

Some ants are social insects. It means that they live in societies, cooperate with one another and do only the work assigned to them. They go out in search of food in an orderly fashion marching in lines and columns like soldiers. Different groups of social ants have different jobs to do. They manage their affairs through division of labour. Some ants guard and protect their community. They fight the other insects who attack them or raid their colony. They are called soldier ants. Another group gathers food for the whole community. The social ants have not learnt this division of labour. They have inherited it.

- Q.1. what do we mean by social insects?
- Q.2. how do the ants cooperate with one another?
- Q.3. what principle do they follow while doing their work?
- Q.4. why are the members of a certain group called soldier ants?
- Q.5. how have the ants learnt the principle of division of labour? (5 × 5= 25)
